Dear Sir.

A good opportunity offering itself I thought I would drop a few lines to you - I forwarded a box to Dr. Witeout by yesterday's stage containing 2 letters & a pamphlet for you. Mr Adams the owner of the horse may probably be in Brooklyn by the middle of next week and you will then have made up your mind concerning the horse, the fault you mentioned (if it can be called a fault) I have heard some say that it was a sign of a good traveller however the blacksmith can remedy the evil in shoeing. Mr Adams thinks of purchasing a farm and I recommended Herbert Williams to him & I expect he will want to see it I wish you would be kind enough to mention it to Mr Williams if you see him before that time.

A writer has appeared this week in the "American" advocating the Colonization Society in opposition to that of the emancipation, I am about writing an article in reply which I am in hopes will draw him out fairly in the field. and I wish to know if he should prove to mighty for me whether you could find time, and would undertake to carry on the controversy
